President’s Message: An Investment in Your Future

by Karen Gilbert President, STC/SM

Welcome to the STC/SM! I’m Karen Gilbert, your new chapter president. For the next year, the STC/SM Board of Directors and I will be working very hard to provide the membership with seminars, programs, and newsletter articles to keep everyone informed on new technologies and concepts.

I would like to begin the year by formally thanking all members who have graciously volunteered their time and energy to serve in some capacity. Your commitment demonstrates your dedication and your motivation to grow within the technical communications field. Personally, I consider my volunteer involvement within the STC/SM an investment in my future. Based on the benefit that I’ve received from more than seven years of association participation, I can’t imagine not belonging!

To gain the full benefits of membership, I believe members get out what they put in. I notice a few people who attend every program meeting. For example, summer or winter, Barb, a member I met while managing the Employment Referral Service (ERS), commutes from Port Huron to attend the monthly program meetings. To me, this shows a level of commitment. Volunteering to write an article for the newsletter, or greet people as they sign in at a program meeting shows even more commitment. The highest level of commitment is demonstrated by volunteering to serve on a committee or to be an officer. Again, thanks to everyone who has demonstrated their commitment this year!

I encourage everyone to become involved with our organization. Attend a program meeting, or join us September 10th at the Holiday Inn North Campus for our annual networking meeting (see inside for details). Becoming involved means you’ll hear of advancements taking place in our profession sooner than others do. If you’re looking for employment, you’ll have a network of professionals that may know of open positions, and you’ll have access to the ERS.

To further assist our members, the Board has agreed to develop a chapter mission statement of our direction and purpose.

This spring, the STC/SM hosted a Personal Development/Chapter Leadership Workshop presented by Lance Gelein, First Vice President of the STC, with Nancy Hoffman, our Region 4 Director-Sponsor. This workshop received excellent reviews and we are working with Lance to bring him back for a future presentation. Lance conducted many exercises, some involved self-evaluation, other exercises required us to evaluate our chapter and our involvement with the STC. We focused on some of the following questions:

What is our chapter (STC/SM) about?
What are our chapter goals?
What is important to us?
Why do we exist?
What would we like our chapter to do in the future?

Through brainstorming, we derived a list of answers to these questions. These answers will help us develop a mission that gives a clear picture of what the STC/SM stands for and what we plan to do to serve our members more effectively. It empowers the Board to reach for higher goals because we’ll believe in the outcome, and we’ll work together to achieve it! Additionally, we’ll develop chapter goals of the specific results we plan to achieve in the upcoming year. (Perhaps we can bring the annual competitions back to Southeastern Michigan.) If you have any goals you’d like to see the STC/SM accomplish in the upcoming year(s), please feel free to share them with any Board member! We value all input that we receive. Once we have developed our mission statement, we’ll publish it in an upcoming newsletter so that our entire membership can see what the STC/SM is hoping to accomplish this year!

If you want to recommend ways STC/SM can better serve your professional needs or you would like to invest in your future by volunteering, please feel free to contact me or any of the Board members. You’ll find our telephone numbers and email addresses posted in this newsletter.

I look forward to meeting and working with all of you! Let’s make this a fun year!!
Director-Sponsor Message:

Ready, Set, Go!

by Nancy Hoffman, Region 4 Director-Sponsor
phone: 313.663.8118, fax: 313.663.8778

While the chapters in our region are busy getting started for the year—holding planning meetings, planning program meetings, and starting other activities like competitions and seminars—the region’s director-sponsor is busy getting the year started also! She’s collecting contact information about all of the leaders in the region’s 19 chapters, starting to update the region’s database in order to produce the new Region 4 Leadership Directory, and gathering information from the chapters for the fall meeting of the Board of Directors.

The fall board meeting will be in Des Moines, Iowa on September 25-27. And, speaking of board meetings . . . .

Highlights: Spring ‘97 Board Meeting

The STC Board of Directors took the following actions at its May 10, 1997 meeting, held at the Annual Conference in Toronto.

Grants and Loans:

➢ Forgave the $2,290 loan given to Mercer University student and the Space Tech chapters for seed money for the 1996 Region 3 Student Conference.

➢ Forgave a $2,000 loan, approved a $2,000 recovery grant, and approved a $2,000 loan for the Northeast Ohio chapter to help them recover from financial losses on the Region 4 conference, November 15-16, 1996.

➢ Forgave a $3,000 loan and approved a $1,500 financial recovery grant for the Intermountain chapter toward expenses for the 1996 Region 7 Conference, held October 31-November 2, 1996 in Salt Lake City; approved a $2,000 loan to seed funding of the 1997 Region 7 Conference.

➢ Approved $2,000 for non-salaried costs as a faculty internship grant to Professor Sandi Harner of Cedarville College to work at MYCOM Enterprises in Cincinnati, Ohio.

➢ Approved a $10,000 research grant for Kim Sydow Campbell of the Air Force Institute of Technology for conducting research on teaching “Methods for Qualitative Research in Technical Communication.”

Chapter and Regional Conferences:

➢ Approved a procedure that requires a chapter’s request for financial assistance for a regional conference be approved only if the conference budget has been approved by the Financial Manager of the Chapter and Regional Conference Committee. The STC budget checklist with the attachments must be submitted.

➢ Approved a procedure that requires a chapter’s request for financial assistance for a regional conference be approved only if the facility’s contract will or has been reviewed by the STC Office.

➢ Approved a procedure that requires a chapter’s request for financial assistance for a regional conference be approved only if the management structure includes a mechanism to provide periodic status reports of conference activities, including budget status, to its Director-Sponsor.

STC Quarterly Journal, Technical Communication

➢ Approved funding for a series editor to begin a series in the journal on “Topics in Teaching and Training Technical Communicators.”

Continued on page 3
If hot summer weather has you thinking fall, think the brilliant colors of East Tennessee and PCOC as well.

The Great Smoky Mountains come alive with fall foliage each year, and the October 23-25 dates of the East Tennessee Chapter’s Practical Conference on Communication (PCOC) are perfect for viewing the spectacular autumn show. The conference, pronounced peacock, is pretty spectacular itself.

Now entering its 21st year, PCOC brings together technical communicators from across the country to share experiences, insights, methods and research in the field. PCOC is STC’s longest-running multiple-day regional conference, which last year drew more than 125 participants and presenters.

Just listen to what past participants have to say about PCOC.

Everyone associated with PCOC – organizers, speakers, participants, moderators – learns. The practical information and ideas, combined with the personal interactions, have always been the strength of this conference, now entering its third decade. —David Armbruster, Fellow and past STC president, Memphis, Tennessee

PCOC is my favorite STC conference. I’ll never forget the first PCOC I attended. When I arrived, I found myself thinking, “I don’t know a soul here.” However, in less than an hour, I had made new friends . . . and those friendships have now lasted for several years. —Lori Lathrop, Idaho Springs, Colorado

Conferences generally provide terrific learning opportunities and a chance to revitalize your energy, focus, and enthusiasm. But PCOC offers an added edge to the attendee through its focus on practical, bottom-line solutions and ideas for improving your processes, practices, and day-to-day efforts. You can take back what you learn at PCOC and apply your new knowledge right away. Conference attendees have a terrific time, and the events are highly entertaining. —Michelle Ratcliffe, Region 3 Director-Sponsor, Tampa, Florida

Held at the Hilton Hotel in downtown Knoxville, PCOC features presentations and workshops by editors, writers, designers, managers, and educators directed toward practical applications. Last year’s speakers covered such topics as author-editor relationships, use of graphics to enhance document performance, the new challenge of information integration, indexing 101, and visual interpretation of complex data, among many others.

Of particular interest to participants is the Saturday workshop for independent consultants. Speakers will cover all aspects of consulting, including marketing, estimating, telecommuting, getting started, and finding your niche.

The full conference costs are $160 for STC members and $175 for non-members; two-day registrations are $125 and $140, respectively. One-day registrations are available for $90 and $105. All registrations cover one full meal per day and two refreshment breaks. Guest tickets are available for $25 for dinner, $20 for Saturday’s lunch.

Room rates at the Hilton are $82 per day for both single and double rooms. Reservations can be made in the STC block by calling the Hilton directly, 800.445.8667 or 423.523.2300.

For more information about the conference, call Karla McMaster, conference chair, at 423.966.0072, extension 541, email to mcmaster@cti-pet.com, or access the following web site and follow the “conference” link [http://stc.org/region3/etc/www/campusa.htm].

Welcome, New Members!

We welcome the following new members to our chapter:

Michele S. Alderton  
Kate F. Benington  
Cheryl M. Garner  
Bob Ronig-Fox  
Barbara A. Spencer  
Kimberly Stobby  
Michael A. Swanson  
Kimberly M. Walker

We also welcome the following member who transferred into our chapter:

Renka Gesing

Associations Win Protection for Volunteers

President Clinton signed into law legislation protecting volunteers for nonprofit organizations. The law, which goes into effect September 16, 1997, removes volunteers from liability if they commit negligent acts or omissions while acting within the scope of their responsibilities. The law’s definition of nonprofit organization includes STC.

“STC joins the American Society of Association Executives and other nonprofit organizations in celebrating this victory,” said Bill Stolgitis, STC executive director. “This law makes it easier for nonprofits and their volunteers to effectively serve their members and the public at large.”

Networking Meeting

Most people agree that networking is an essential factor in their professional development. For that reason, you shouldn’t miss the STC/SM September program meeting.

Come help us kick off the 1997/98 program year. STC/SM members and nonmembers are invited to attend this informal gathering. This is a great opportunity to:

➢ Meet the 1997/98 STC/SM chapter officers and committee members.
➢ Learn about employment opportunities in our area.
➢ Develop a professional network with other technical communicators.

Additionally, you can speak one-on-one with Board members to let them know what you would like to see STC/SM accomplish this year and next. Would you like to see the return of the Annual Competition? Why not attend this meeting to voice your opinion. Do you have specific topics you’d like to hear presented at a monthly meeting? Let us know so we can continue to schedule programs that have been requested by our members.

Refreshments will be provided and a cash bar will be available. Come and network with the STC/SM September 10th at the Ann Arbor North Campus Holiday Inn starting at 6:30 p.m.
Calendar of Events

Did You Know . . .

➢ Each king in a deck of playing cards represents a great king from history.
  Spades - King David, Clubs - Alexander the Great, Hearts - Charlemagne,
  Diamonds - Julius Caesar.

➢ Stewardesses and reverberated are the two longest words that can be typed using only
  the left hand. Lollipop is the longest word that can be typed using only the right hand.
  Skepticisms is the longest word that alternates hands.

➢ If you put a raisin in a glass of champagne, it will keep floating to the top
  and sinking to the bottom.

➢ “Mr. Mojo Risin” is an anagram for Jim Morrison.

➢ The combination “ough” can be pronounced nine different ways. The following sentence
  contains them all: “A rough-coated, dough-faced, thoughtful ploughman strode
  through the streets of Scarborough; after falling into a slough, he coughed and hiccupped.”

New STC/SM Senior Members

To qualify as a senior member, you must be a member of STC for five years. Each of our senior members brings valuable experience to our chapter.

We proudly present our newest senior members:

Barbara A. Beeler
David B. Bignotti
Dana L. Cadman
Kimberley Fair
Jennifer K. Moyes
Susan Silagi
Lanette S. Torres

CONGRATULATIONS!
